*Be able to learn more about SMS and how it works/functions, and be able to use it in our code	we will use the datetime module	We have started coding, but still have to modify it as we continue coding it
*Make the base of the code		We have made the base of the code and plan to make improvements on it.

STRENGTH		
We have a concrete understanding on how to do our project		

AREAS FOR DEVELOPMENT		
More research about SMS, and if its possible to use it in our code.		
Improve some of the flaws or if there are any areas for improvement in our code.		

STRATEGY FOR SUCCESS		
Show our code to someone and ask for feedback so we can improve our code
